JUDGE WELLS INSULTED BY PLAUDITS OF SOCIAL STARS

Members of Oakland's Upper Crust Rudely Jarred When They Are Ordered Out

MADE TOO MUCH NOISE

Bailiff Hustles Them Into the Corridors Where They Threatened to Get Revenge

OAKLAND, Jan. 23.—Some of the most prominent club women of Oakland were ordered ejected from the Superior Court by Judge W. S. Wells, former superior judge of Contra Costa. The cause of the unusual order of the court was the vociferous applause that followed the ruling of Judge Wells in connection with the custody of 8-year-old Gerald Mathews, who has been the cause of litigation for the past year between his mother and his guardians. Among the members of Oakland's elete who were ousted were: Mesdames John Newton Porter, I. T. Barrett, C. N. Chamberlain, S. J. Platts and Nellie Nelson.

"Clear the courtroom," sternly ordered Judge Wells when the applause of the women had died down.

Bailiff Joseph Soares obeyed the order and requested the women to leave. Most of them stared at him in astonishment.

Soares did not waste time or words. He seized some of the women by their arms and hustled them out of the room.

In the corridor the women indignantly discussed their ejection. Some were in favor of sending a committee to see the judge. Two of them undertook to see him on their own initiative. They were met at the courtroom door by Soares.

"If you go back in there the judge will probably send you to the County Jail," he warned them.

The women abandoned their intention and for half an hour a portion of Oakland's most exclusive social contingent waited in the courthouse corridor until the case was concluded.

NATIONAL CHILD LABOR DAY

CONCERTED EFFORT OF CHURCHES AND EDUCATIONAL INSTITUTIONS THROUGHOUT UNITED STATES TO CAUSE ABOLISHMENT OF PRACTICE OF WORKING CHILDREN IN COMMERCIAL ESTABLISHMENTS—FOUNDED ON JUSTICE

Tomorrow being national "Child Labor Day," the various Protestant churches of this city will take up the question and the respective pastors will give statistics concerning the conditions that prevail in the United States, particularly in the Southern States where the law provides that orphans may go to work at the age of ten years. There the eleven-hour working day prevails. In Georgia alone there are over 4,000 children working in the manufacturing centers, while a great many of the workers in the glass factories of West Virginia are under 14 years of age. In 31 states of the Union boys under 18 years of age are permitted to work as night messengers. It is with the object in view of informing the people upon the evil that the ministers will speak tomorrow.

WASHINGTON, Jan. 23.—Churches throughout the United States will tomorrow observe "Child Labor Day," in co-operation with the National Child Labor committee, which is campaigning for the wiping out of child labor during the present year. In sympathy with the Christian movement, the Jewish synagogues are today observing the event. On Monday the colleges and schools throughout the country will hold special exercises in appeal for the legal extermination of the practice of working children in commercial establishments.

That child labor burns up human life in the factory just exactly as the furnace burns up coal in the furnace room below is the plea on which the leaders in the movement hope to educate the legislatures throughout the country. And it is pointed out that the hard, underpaid labor done by women during long hours works evil to the future of the race, as has been shown to the world in the stunted bodies of Englishmen born after a period of unrestricted woman slave driving.

The text selected for sermons in thousands of Christian churches tomorrow is from Matthew VIII, 2-6:

"And Jesus called a little child unto him, and set him in the midst of them.

"And said, Verily I say unto you, Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven.

"Whosoever therefore shall humble himself as this little child, the same is greatest in the kingdom of heaven.

"And who shall receive one such little child in my name receiveth me.

"But who shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea."

REDLIGHT ABATEMENT LAW UPHELD BY COURT

Superior Judge Sturtevant today upheld the redlight abatement law in practically all its essential phases, especially in so far as it related to the abatement of nuisances in the redlight district. The court held that the owners of premises where nuisances exist are responsible for the acts of their agents and may not plead ignorance. Judge Sturtevant declared that when it is shown to the court that owners are cognizant of the conditions which exist they should be held responsible. He also held that it is not unconstitutional to assess damages to cover the costs of prosecuting the owners responsible for the nuisance. The decision was rendered in the suit of the people against the Cary Company, successors to William M. Callaghan, to close the premises at 40 Barbary alley, San Francisco, leased to Henry Faursier, and [illegible] Josephine Wright.

BOTTLE WIELDER CRACKS TWO CRANIUMS

MARTINEZ, Jan. 23.—As James Hannon and G. L. Terrell, the latter lately released from the county jail were escorting a knight of the road who had been hurt in some sort of a row in the "jungles" near this city to the city jail Friday morning at 1:30 o'clock E. J. Dewitt rushed up behind them and wielding a beer bottle struck Hannon and Terrell, the latter receiving a severe gash under his right eye and Hannon receiving a number of small cuts and bruises.

Dewitt was arrested and taken off to a cell in the county jail to await the preferring of a charge against him on Friday.

JOE PELIZ ABLE TO LEAVE THE HOSPITAL

Joe Peliz who has been undergoing treatment at the Craven hospital for the past few days under the medical supervision of Dr. U. S. Abbott, had today sufficiently recovered from his illness to warrant his being removed to his home on Barrett avenue.

SANTA FE DOUBLE TRACKED AS FAR AS MALTBY

Thursday saw the completion of an immense job of Santa Fe track relaying between Richmond and Maltby. The 75-pound rails have been replaced by the 90-pound rails. The work has been under way since February of last year.

PIPING FOR BIG DRAINAGE LINE AT SHELL WORKS

MARTINEZ, Jan. 23.—Two cars of 12-inch pipe arrived in the local railroad yards Thursday and the material is being transferred to the Shell works where it will comprise a part of the big drainage system which is proposed to be installed and by means of which all parts of the big plant will be thoroughly drained into a large sewer which will be built.

The laying of rails on the spur track began Friday morning and is going forward rapidly. Ninety per cent of the grading work is finished and T. R. Hanna who held this contract expects to complete his work within a few days. With the building of the spur and the ballasting of the track the bulk of the material arriving in the local yards will be sent direct into the works, a material saving in the length and cost of hauling being made.

DOLLARS AND CENTS FIGURE AT MASS MEET LAST EVENING

Twenty-two Souls Constituted a Vast Audience Assempled at Maple Hall Last Night

20 SHARES OF STOCK SOLD

Numercus Others Are Pledged But Amount of Money is Not Forthcoming—Hat Passed

When that "big mass meeting" that was held last evening at Maple hall for the stockholders of the Daily News and labor union men was called to order there were just twenty-two present, and three of them, although they are "card" men and pay their dues into the labor council every month, were ordered from the hall.

According to biased reports there was "$1,000 worth of News stock subscribed for in ten minutes" and "500 new subscribers were added to the roll," but from those present, and who, listened to the arguments, pro and con that took place, there were about 22 shares of stock subscribed for during the meeting. It was reported that during the past three weeks, those who had been at work in the town had succeeded in getting people to promise to take 150 shares of stock, although the money had not been paid in as yet.

Finances was the principal discussion of the evening, but there was considerable of a freeze in all parts of the room, and the lack of enthusiasm was very apparent.

One of the speakers made the statement that the News had been jockeyed out of the city printing, but he did not say that the bid when it was discovered that there were two other bids lower, was withdrawn immediately.

Another of the speakers said that ready money was absolutely necessary, as there were large numbers of bills to meet, and A. Carlisle & Co. of San Francisco to whom the News owed a bill of something like $40 had threatened to close up the shop unless it was settled immediately.

A committee was appointed to visit all of the merchants and inform them they must "kick" through with advertising.

The outcome of the meeting was a severe disappointment to the instigators of it, and many of those present believed that men who had held "cards" should not be discriminated against.

A report was also made that a firm had offered to take over the 51 per cent of the stock, provided they were given four of the directors, but the speaker said nothing had been done about it as yet.

Just before the close of the meeting the hat was passed and a collection was taken up.

IMPORTANT CHANGES ARE CONTEMPLATED BY COUNCIL

IT IS AGREED THAT LENGTH OF THE STRUCTURE WILL NOT BE CUT DOWN AS IT WAS FEARED WOULD BE NECESSARY AT FIRST—MAYOR GARRARD SCORES POINT IN FAVOR OF ROCK FILL INSTEAD OF FROM BAY MUD.

Modified plans and specifications for Richmond's municipal wharf No. 1 were thoroughly gone over today by the members of the city council at the conclusion of which the matter was layed over until Monday evening.

Embodied in the new specifications is the proposition suggested by Mayor Garrard of making a rock fill from the bulkhead to the wharf instead of using bay bottom mud.

Perry Haviland of the engineering firm of Dozier, Haviland & Tibbetts was present and went over every detail of the huge structure with the members of the council.

The length of the wharf which is to be 557 feet is to remain the same according to the modified plans, although it was first thought that several hundred feet would have to be taken off in the cutting down of the specifications.

PROPOSED WHARF CHANGES.

Wood Piling instead of sheet piling.

Asphalt Macadam floor instead of wooden block pavement.

Plain cornice work on roof instead of fancy.

Cluster instead of single piling.

Rock fill behind bulkhead instead of bay mud.

High wall lights instead of sky lights.

According to Mayor Garrard the saving, which will be made by the city in the matter of cutting out many of the fancy frills will be very great and will greatly exceed the $32,000 as first approximated by the engineers.

Extra machinery is being added to the already up-to-date plant for the manufacure of the cabinets which will soon find a market in all parts of the United States.

SOISSONS, THE STORM CENTER

Ever since the beginning of history in western Europe, Soissons, storm center of the most bitter fighting of recent weeks in the western war-theater has taken a prominently-chronicled part, says the National Geographical Society. Before the Roman tide, directed by Julius Caesar, flowed over Gaul, Soissons, then a metropolis in a nation of twelve cities, was the capital of the warlike Suessiones, one of the most powerful people of Gaul. Divitiacus, one of their kings, had even managed to extend his authority beyond the sea, among the Britons.

Soissons is a small town picturesquely situated among well-forested hills, on the left bank of the Aisne. It lies 65 miles northeast of Paris, and constitutes one of the links in the chain of French second-line defenses. The region all about Soissons is agricultural, and the city's trade is mostly in grains, vegetables, live-stock, leather and forest products. Manufacturers of the place are not of great importance; they consist of leather, foundry products, flannel and cotton cloth and farm implements. There are extensive lumber yards in the city.

The one-time importance of Soissons has long been waning. The siege, bombardment, sack and brand of war have been repeated often in the experiences of the city, and seem at last to have sapped its will for further growth. One of the oldest cities in France, there are very few cities in the republic which have seen more rugged battle service.

It was known as Naviodunum to the conquering Romans. Under Roman rule, it became a strategic point in the Empire's northern defense. It was here that Clovis obtained, in 486, his famous victory over the Roman general ,Syagrius, which expelled Rome from Gaul and brought in the Germans. Soissons became capital of the Frankish kingdom, but soon resumed its position as borderland between the Latinized German of the Frankish kingdom and the Germans of beyond the Rhine.

There are a number of famous old abbeys in Soissons, and private buildings of centuries ago. The royal abbey of Notre Dame, now a barrack, was founded in 660; that of St. Medard, of which little now remains, was founded about 560 by Clotaire I. At one time this abbey was among the most powerful in France. Its abbots coined money, and were lords of more than 200 villages. One or two meagre fragments are all that is left from its ancient splendor.

Soissons has taken part in all the wars of France. It stood with the Gauls against the Romans, until King Galba submitted to Caesar, when the German onslaugh south began, an onslaught which, for Soissons, has lasted, with more or less lengthy periods of respite, for nearly 2,000 years.

Hobson's newest idea for an American investigating peace commission, might be all right, provided he first procured the consent of the warring powers to its investigating.

Some of those fellows over in Europe who persist in kicking our houn' dawg around are going to get themselves into a mix-up if they don't look out. Ever since the war over there began England has been trampling on our rights on the high seas and now Germany warns us to stop all exports to the allied nations. This, of course, applies to war materials chiefly, although many other articles are declared contraband of war which have no direct bearing in the war itself. If they keep on at this rate it will soon be so that we will not be permitted to export anything to the belligerent powers.

According to the California Fish and Game Commission, the resources of the state bring in an annual income of at least $15,000,000 each year. The year 1914 has been a notable one in the salmon industry. Local authorities place the pack at close to 6,500,000 cases, with a gross value estimated at between $27,000,000 and $30,000,000. The average pack for the past five years has been 5,000,000 cases.

Nathan Strauss, the aged New York philanthropist declares that it is up to the women of the United States to stop the European war. He says this can be accomplished by a lot of them going over there and marching back and forth between the lines of the contending parties. Nathand is old and must be senile else he would not make such a fool proposition.

They are having intense cold and blizzards back in the Eastern states. This seems odd to Californians who are going about their work in the same weight of clothing worn last summer. Sometimes we wonder why all the people across the Rocky Mountains don't move to this state in a body.

Well, it may not be long before all of us will be soaring around through the air. Uncle Sam has placed his sanction on a fool-proof aeroplane. Wonder why somebody does not invent a fool-proof automobile.

And there are some other things which we have still to be thankful for. Among them is that the Fourth of July this year is to be ushered in on Sunday.

As agents of the allies are still buying horses, it's fair to assume that those alleged stop orders were merely to bear the market.

Probably the justice of the peace who has married one thousand couples wouldn't be so chesty if he had kept tab on all of them.

Wilson doubts the judgment of the District of Columbia courts—wants it passed on by the United States supreme court in at least one cose.

A colorado editor wants to know haw Woodrow Wilson and Ollie James would sound for 1916. Suits us all right and we believe it would be a winner, too.

PROF. JAGGAR

Professor Thomas Augustus Jaggar, the famous volcanic expert who nearly lost his life last November when caught in an eruption of Mauna Loa in Hawaii, is a native of Philadelphia, where he was born on January 24, 1871. He is a son of the late Bishop Jaggar of the Episcopal Church. In the interests of science Prof. Jaggar has faced danger in many lands. His most thrilling adventure was that at Manua Loa, whose crater suddenly spouted forth floods of lava while Professor Jaggar and his assistants were helpless among snowdrifts on the volcano's side. The party was making an ascent when the floods of molten lava drove them for their lives through jagged ravines filled with treacherous snow-banks.

Prof. Jaggar was educated at Harvard, Munich and Heidelberg. He was a professor of geology at Harvard, and has been connected with Mass. Institute of Technology since 1904. He made observations for the government before that time, in South Dakota, Arizona and Massachusetts, and headed an expedition to Martinique. Later he visited Vesuvius and studied the famous crater, the Alutian Islands, Japan and Costa Rica. He established a volcanic experiment station at Hawaii in 1911, and has been director of the work there since then.

Prof. Jaggar married Miss Helen Kline of San Francisco in 1903.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backachy or Bladder trubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritiated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. —advt

SPORTING NOTES

Tennis will have a big week at Pinehurst, beginning Monday.

The Welsh-White bout looms up as the big ring event of the winter.

Canadian horsemen are overjoyed to get the Grand Circuit meet at Montreal.

An old-timer sends in a baseball lineup from the veterans of 12 seasons: Matthewson, Plank and Hess, pitchers; Bresnahan and Doolin, catchers; Lajoie, first; Evers, second; Wagner, short; Wallace, 3rd; Callahan, left; Leach, center and Crawford, right.

Ted Sullivan, the veteran baseball manager, has settled the origin of the term "fan" in baseball. Back in 1883, he says, the word was first used as an abbreviation for "fanatic," to describe over-effusive advicegivers.

And Ted lays the word "canned" to a catcher named Dugan, who wired his wife to "shine up the dinner can." He left next day to become a plumber. The word "can" had come to stay.

ALUMNI PUZZLED AS TO ANNUAL AFFAIR

Adverse sentiment arose at the meeting of the Alumni Association of the Richmond Union High school last evening in regards to the regular annual ball. Charles Lipp, former president of the association laid the matter before the students as to what proposition was deemed most advisable at which incoming graduates might be given a heartier reception than a dance.

As the annual Alumni dances have always been looked forward to in the past as one of the season's smartest affairs it was finally decided to concentrate the efforts of the association toward a dance that will in all events be held at East Shore park.

The number of invitations sent out for the dance last year was 300 which was deemed far too many for the size of the pavilion.

The new officers elected for the coming were: Duncan Dunning, president; William Vossbeck, vice president; Miss Nettie Whitesides, secretary and Albert Richards, treasurer.

A TALK WITH A RICHMOND MAN

Mr. Hollen of 219 Standard Avenue, Tells of an Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Richmond man:

"For several years I suffered from kidney disorders," says Mr. Hollen, of 219 Standard Ave., Richmond. "I felt all run down and was unfit for work of any kind. If it hadn't been for Doan's Kidney Pills, I am certain that I couldn't have kept up. Whenever I use this remedy, the kidney secretions stop bothering me and my back gets strong and free from pain."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hollen had. Foster-Milburn Co., Props., Buffalo, N. Y.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre —Everybody is using it again

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, nobody can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and appears many years younger.

PREDICTS INVASION OF U. S. BY FOREIGN FOEMEN

LONDON, Jan. 22.—Grand Admiral von Tirpitz, Germany's minister of marine, whose master mind has directed the submarine raids against the British fleet, resulting in the destruction of many powerful warships, predicts a war in which the United States will be invaded. In this, his first published interview, Admiral Tirpitz declares that the United States will be forced to fight for supremacy.

It is Von Tirpitz's mind that has directed the most amazing submarine raids ever made in naval warfare against the British fleet, and in whose mind originated the present German plan to destroy the great British navy and finally the British merchant fleet with submarine raids.

"What will America say if Germany declares war upon all the enemies' merchant ships?" asks the German naval lord. Touching on the German submarine raids and the relative effectiveness of submarines and dreadnoughts, Von Tirpitz said:

"The length of the war depends upon England.

"It is said that England wants a war to the hilt. If England insists upon that we can accommodate her but there are some who still hope that England will be sensible and will listen to reason."

"That submarines are a new and potent factor in naval warfare is unquestionable. Our success, so far, however, hardly justifies the conclusion that big ships have become obsolete. We have always figured that submarines could not stay out more than three days on account of the men becoming exhausted.

"We now learn that the larger types have cruised clear around England and often remained out for fourteen days. This is accomplished by going down in shallow and quiet water, settling on the bottom, and staying there while the men get their required sleep."

HEALTH OFFICER HAS A RARE COLLECTION OF MILK SPECIMENS

City Health Officer Dr. C. R. Blake has in his possession an interesting collection of the samples of milk which he has made in the last few weeks. These samples when compared with those of a year ago were most encouraging and it requires no trained eye to distinguish the difference.

The milk is tested promiscuously in the various creameries and other places where the same is vended, eight ounces constituting the required amount. This is placed in a receptacle and is allowed to filter through a cotton mat placed at the top of the inverted bottle. As a consequence most of the sediment passes through the filter, but is caught on the cotton. These mats are numbered and pasted upon a cardboard for future reference.

The comparison furnished by the health officer is a striking example of what a little precaution will do, as the filters of last year show a sediment of any foreign substance from particles of straw, manure, tobacco to bugs and hairs, while the tests of this year show nothing but particles of dust which had evidently accumulated in the can prior to filling it with milk.

TELEPLONE COMPANY EMPLOYES INVEST IN STOCKS

Taking advantage of the Pacific States Telephone & Telegraph company's new stock selling plan which was recently placed before its employes, Manager Calvert of the local exchange, together with E. R. Gage, chief wire inspector, and A. B. Fenton, head foreman, today made application for several shares of the stock.

The stock selling campaign was started but a few days ago and only employes who have been in the employ of the Pacific States Telephone & Telegraph company for more than two years are eligible to secure the shares. The amount of stock which an employe may purchase is based on the salary drawn.

"The proposition is a good one," stated Calvert today, "and I would be greatly pleased to see some of our telephone girls take advantage of the matter."

DIES SUDDENLY FROM HEMORRHAGE

CONCORD, Jan. 23.—While sitting on the porch at the home of Mrs. A. Arrellano, with whom he has been staying, Nicholas Merriman died suddenly yesterday afternoon. He was seized with a violent hemorrhage and passed away in a few minutes. As he had not been attended by a physician an inquest will have to be held.

He was a brother to Isaac and Edward Merriman of this city; N. C. Merriman and Mrs. F. Maysenhelder of San Francisco. He was a native of Pine Grove, Placer county and 53 years of age.

Arrangements have been made for the funeral to be held this afternoon. Merriman was very well known here having been a resident for many years. His untimely taking off has caused much regret and sorrow among his friends.

MARRIAGE LICENSE

A marriage license was issued in Martinez today to Earl W. Bain, 22 years of age, of Oleum, and Miss Ro[illegible] of Lawrenceville, Illinois.

PROPOSED LIQUOR LAW TO CUT NUMBER OF SALOONS

Saloonmen all over the county are discussing the bill framed by the legislative committee of the California Grape Growers' Protective Association, and which will be introduced in the legislature in a few days.

At the meeting of the committee in San Francisco last night the bill was completed and it was decided to make the population ratio on which bar licenses, may be issued uniform for the entire State, with one license for each 500 inhabitants. Municipal authorities will be allowed, under the bill, to make the minimum lower, but may not exceed the maximum allowed by the proposed law.

Richmond as well as every other city and town in the county would sustain the loss of numerous saloons should the bill go into effect. In fact the saloons of Contra Costa would be cut down one half.

Richmond would be allowed but 30 saloons instead of seventy-six which she now has and Concord with six would have to stretch her population a bit to get five licenses. Pittsburg would have her number cut from twenty-two to seven.

The association figures that one-third of the saloons of the entire State would go out under the bill. There are 4500 at present and the enforcement of the law will automatically close about 1500 of these. In San Francisco with 1607 saloons, the number would be cut to 1200, figuring on a basis of 600,000 population.

It further was decided to make the license for wholesale liquor dealers $250 a year instead of $500 as originally proposed.

F. G. Roney, secretary of the Royal Arch, said his organization would take no action regarding the proposed measure until it is presented to the legislature. Then there may be a fight.

From the headquarters of the Anti Saloon league it was stated that "of course we don't favor the bill, as it permits saloons to remain open, and we are against the saloon under any conditions."

Local saloonmen figure that there are 200 saloons and resorts with licenses in the county and about one-half of these would have to go, under the law. The larger cities, of course would be the greatest sufferers.

THE EUROPEAN WAR IN BIBLE PROPHECY.

Undreamed of passions have burst forth, devouring the lands that patient hands have beautified and made fertile, and centuries have stocked with art treasures. To the entire world the war has come as a complete surprise because they have not read our book (600 pages—cloth) telling that just such conditions would exist, only to be followed by the still greater devastation of anarchy. The first edition came from the press in 1897.

Of vaster interest and importance is its promise of better things in store for this earth, when the wrath of nations has run its course. Send thirty-four cents in stamps (with this coupon) to cover postage to The Temple, No. 25 W. 43rd St., New York City, and receive a copy promptly.

Women of the Week

WASHINGTON, Jan. 23.—An international romance of thrilling interest culminated this week with the marriage in Berlin of Miss Cecilia May, the beautiful daughter of Col. and Mrs. Henry May of this city, to Lieutenant Wilhelm von Rath of the German army, and a former attache of the German embassy in Washington. The first wedding plans of the young couple were disturbed by the breaking out of the war, when Lieutenant von Rath was obliged to join his regiment. Miss May was touring Europe at the time and decided to stay in Berlin, where she was presented at court and greatly admired, it is said, by the Kaiser. Lieutenant von Rath distinguished himself in the war, recently receiving the Iron Cross for conspicuous gallantry.

Wives of members of the cabinet, of the Senate and House of Representatives and other men in public life are lending their aid in numbers to form a new organization to be known as "The Woman's National Made in U. S. A. League." Their aim is to arouse American women to buy only home-made products. The heads of women's organizations, the wives of governors, and other noted American women are among the honorary chairmen and patrons.

CHICAGO, Jan. 23.—Qualifying the bean as "eternal" and "indefatigable," Miss Hazel Johnson, a senior in the Northwestern University School of Music, recently rebelled against too frequent use of the Boston vegetable on the college menu and moved to a boarding house, breaking the dean's rule that co-eds must sleep in the university dormitories. Her action, upheld by the general following of her fellow co-eds, who called her the "Little Spartan," resulted in the appointment of a new caterer.

SAN FRANCISCO, Jan. 23. —Dr. Anna Strong, "the little sister of children," has arrived in San Francisco from Washington to begin the installation of the government's child welfare exhibit at the exposition. Unlike most exhibits of welfare work, Dr. Strong will direct a "living" exhibit here, having children of all ages following out the various welfare methods.

WICHITA, Kas., Jan. 23.—Mrs. Iva May Warner, according to Judge S. T. Jocelyn, who recently dismissed the suit she had filed for divorce against her ninth husband, has the "bridal habit" and doesn't need a divorce.

NEWARK, N. J., Jan. 23.—According to Mrs. Minnie J. Reynolds of this city, state organizer of the Women's Political Union, equal suffrage will not put many women into office. In Colorado, she says, after 20 years of suffrage, only one per cent of the office holders are woman.

FARGO, N. D., Jan. 23.—Miss Anna Barrett, of Larimore, N. D., is the champion hog raiser of the state. She won the first prize in the pork production contest of North Dakota Agricultural College, her record exceeding by 31 per cent that of the winner a year ago.

CINCINNATI, Ohio, Jan. 23. —College women from all parts of Ohio, representing every woman's educational institution in the state, will hold a conference here tomorrow and Saturday. Among the speakers will be Miss Edith Campbell, Miss Emilie W. McVea and others interested in college and school work.

LEXINGTON, Jan. 23.—Mrs. Birdie Pollock Graham of Santa Barbara, California, who is sueing her husband, William Miller Graham, the oil magnate, for divorce, was a Bluegrass girl, born and brought up at Paris, Ky., where she is remembered for her beauty and vivacity. Mr. Graham's wealth is estimated at twenty millions.

SAN FRANSICCO, Jan. 23.—Miss Dorothy Becker, the fastest of the local girl swimmers, will sail next week for Honolulu to take part in a series of events against the best girl swimmers of the Hawaii Islands. Miss Ruth Stacker, champion of the islands, will be her principal opponent.

CHICAGO, Jan. 23.—Miss Dorothy Linn, daughter of Mr. and Mrs. Wm. R. Linn, who is to be married on February 13 to Cyrus McCormick, is famed in Chicago society for the grace of her dancing, and has been the premiere danseuse at many benefit performances.

PITTSBURG, Pa., Jan. 23.—The common household bed bug, and how to repulse his abiding love for mankind, came up for discussion recently before the Housekeepers Co-operative Association, but only after a lively preliminary discussion on the subject. Some members believed it timely, while others averred that such a subject might create the impression that the members of the club needed the information. The matter was finally compromised by listing the discussion under the head of "Household Traditions."

IF YOUR INCOME IS MORE THAN $3000 PER ANNUM YOU MUST FILE RETURN BY MARCH 1ST

The following statement is issued from the office of Joseph J. Scott, Collector of International Revenue for the first district:

San Francisco, Cal., Jan 22, 1915.

To All Concerned:

You are advised that on or before March 1, 1915 a return of income must be filed by every individual with a net income of $3000 or over, and by every corporation, whether that corporation had income or not for the year 1914. It is of the utmost importance that this final date when a return can be accepted without penalty be understood by the public. The law requires that returns be in the hands of the Collector not later than March 1st. It will not be regarded as obedience to the law, therefore, that they be mailed on March 1st; they must be mailed in time to reach this office in the ordinary course of the mails not later than March 1st. Failure to file a return within the prescribed time will subject the delinquent taxpayer to an additional tax of 50 per cent and liability to a penalty of not less than $20 nor more than $1,000.

Those liable to make return are urged to do so at the earliest possible date and not to wait until the last day when, through inadvertance or oversight, they may fail to file their returns and thus subject themselves to additional taxes and penalties.

If any person does not understand the requirements of the Federal Income Tax law he should at once write to the Collector of Internal Revenues at San Francisco for information and his letter will receive prompt attention.

Every person with a net income of $3,000 or over must make return whether he or she be single or married. In this return a single person may claim exemption to the amount of $3,000 and a married person living with wife or husband to the amount of $4,000. It is possible, therefore, that certain married persons will be required to make returns even though they may not be subject to the tax.

This office will do everything possible to inform the public in order that taxpayers may not subject themselves to penalties. I, therefore, strongly urge all who do not thoroughly understand the requirements of the law to submit their requests for information without delay. The proper forms on which returns must be made will be mailed upon application, or can be obtained from Division Deputy Collectors at Oakland, Sacramento, San Jose, Fresno, Santa Rosa, Eureka, Stockton and Chico, California, and at Reno, Nevada. The penalties provided in the Income Tax Law for failure of a person with sufficient income to make him liable to file return are severe. It is therefore urged that the public co-operate with this office to the end that law shall be uniformly administered and complied with.

Respectfully,
JOSEPH J. SCOTT,
Collector.

BOOST STICKERS CIRCULATED BY TRACTION CO.

As the result of receiving over half a million stickers from the press bearing the inscription:

"East bay cities offer you
Sunshine, climate, comfort, view,
Best hotels and purest air
Direct ferry to the Fair,"

The San Francisco, Oakland Terminal Railways company is preparing to inaugurate a campaign boosting the East Bay cities as a suitable stopping place for the visitors at the Exposition.

The above jingle was the one which the traction company paid a reward of $100 to the author of the slogan containing twenty words embracing all of the salient facts incorporated in the lines quoted. The traction company has sent out a consignment of the stickers which are very artistic and the same may be had by making application at the office of the Record-Herald. It is hoped that by placing the stickers either on the foot of a letter or on the back of the envelopes of all outgoing mails that all prospective visitors to the Exposition may be informed that there is room on this side of the bay for all and more than will be in attendance.

"GOLDEN GATE" TOWER FOUND UNSAFE

The "Golden Gate" tower at Lowell and Stanford streets, Oakland, where the Key Route the Southern Pacific and the Santa Fe tracks cross, has been declared by the Railroad Commission to be unsafe, and the three companies have been ordered to replace it within six months with a first-class, standard interlocking plant.

At the hearing the companies admitted that the present situation is dangerous, and that plans for the new construction had been agreed on by the three; but that the Key Route, which is to bear the greater part of the expense, is in financial difficulties and for this reason the new plant has not been provided.

The commission directed the Key Route management to find some means to do the work. The Key Route and the Santa Fe are directed to place automatic bells or an automatic flagman at the crossing in question.

BEAUTIFUL FOLDER IS ISSUED BY S. P. COMPANY

"High points on four great railways to the California Exposition" is the title of an artistic and descriptive folder just issued by the Southern Pacific company. It is intended for distribution in the East and Middle West. It contains seventy-eight illustrations; and not only pictures the attractions of San Francisco and San Diego with their expositions, but also discloses to the intending tourist the principal points of interest and the many scenic features on the Pacific Coast, as well as those seen enroute through its four gateways via New Orleans, El Paso, Ogden and Portland.

The bold color scheme of brilliant orange, with a lighter decorative tint is strikingly effective, and the story of the wonders which the 1915 visitor may expect should induce many throughout the eastern and middle west states to make the California trip during the present year.

A panorama of the Panama-Pacific International Exposition, thirty-one inches in length and occupying the center pages, shows the entrance to the Golden Gate and depicts with unusual clearness the natural beauties surrounding the magic city of San Francisco.

SUPERB VAUDEVILLE DESCRIBES ORPHEUM'S BILL

"Superb Vaudeville" is the proper term to use in referring to the bill next week at the Oakland Orpheum.

Joseph Santley, who will be remembered as the successful star of "When Dreams Come True," will head the bill. Mr. Santley will introduce the ballroom dances which he created such a sensation in and will also contribute several songs. He will be assisted by Ruth Randall and Josephine Kernell.

Quite the most delightful hit of the vaudeville stage this year is the act of Wellington Gross and Lois Josephine, the New York musical comedy stars. For many months the talented couple could not be secured for outside of New York, so great was the demand of the metropolis for them. On top of this, their trip to London in May resulted in such success they were immediately obliged to remain for the season to tour the continent.

"At Hensfoot Corners" doubtless the most famous rural sketch ever produced in America will be revised by Mr. and Mrs. Jimmy Barry when they return for one week. Many will remember that this delightful rural skit was the big hit of the show that opened the Oakland Orpheum on September 30, 1907. It will be an interesting experience to many who again witness Mr. and Mrs. Jimmy Barry play in this comedy classic after an interval of seven years.

Miss Eleanor Haber and her own company will present an exceedingly clever one act play entitled "The Office Lady." This playlet is a little gem, swinging with ease from comedy to the starner stuff of the drama.

To a youth still in knee breeches, goes the palm for musical genius. Alfred Wallenstein, the California Boy cellist, who is in his early teens, has been declared by the world's master musicians to be a genius of great attainments. Young Wallenstein is a musician born, and the gift has been cultivated by the foremost American masters.

Two of the cleverest wheelmen in vaudeville are Mortimer McRae and Gertrude Clegg, as "The Intruder and the Queen of the Wheel." The girl catches the eye from the time she appears, both by her clever riding and the costumes she wears.

Chas. F. Semon, "The Narrow Feller" will be in evidence with some bright bits of wit and his performances on a number of unique musical instruments.

ANNOUNCEMENT IS MADE AT PARTY

At a prettily appointed party of the Al Kai Club held yesterday afternoon at the home of Miss Alma Brasch on Eighth street, Miss Henrietta Olsen, daughter of Mr. and Mrs. J. Olsen of this city made public her engagement to John Peres, local cigar merchant and member of Richmond Lodge of Elks.

Although the exact date for the wedding has not as yet been set it is rumored by close friends that it will take place some time in June.

"PREMEDITATED DEATH" SAYS JURY

The coroner's jury impaneled in the case of Axel Borges who committed suicide on Cutting boulevard several days ago brought in a verdict last evening of "premeditated death caused by strangulation." The jury also rendered an "accidental drowning" verdict in the case of the unknown man whose body was found near the Hercules Powder Works.

The coroner's jury was composed of A. P. Benton, A. Morford, H. E. Wilkinson, Fred E. Davis, R. Henderson, Harry Katzman, E. B. Rendel and A. Bruner.

DYNAMITE STOLEN FROM QUARRY TO SLAUGHTER FISH

So insignificant was the loss of the 15 sticks of 40% dynamite stolen from the quarry of the San Francisco Quarries company near Point Orient several nights ago that the management of the company did not deem it worth while to notify the police.

According to one of the quarry officials today, the dynamite was evidently taken by one of the Italian workers to kill fish in the bay, as it was far too low in exploding force for use in heavy destruction of any kind.

The matter of private detectives working on the case is all "bunk" stated the official who refused to give his name.

GOETHALS HONORED AT CHICAGO

CHICAGO, Ill., Jan. 23.—Colonel George W. Goethals, governor of the Panama Canal zone, will be the guest of honor tonight of the Geographic Society of Chicago, and will be presented with a gold medal by the society. INTERNAL CATARRH

"Peruna Has Done Wonders For Me. I Was So Weak."

Mrs. M. P. Curry, P. O. Box, 615, Petersburg, Ills., writes: "I have been troubled with internal catarrh since my girlhood, and was sick in bed three months. When I was able to get up I was so weak and thin I could hardly walk. What I ate disagreed with me. I had stomach and liver trouble, and my feet and limbs were swollen so I could scarcely drag around.

"I took Peruna and it has done wonders for me. My cure was a surprise to my friends for they never expected to see me well again. I just took two bottles of Peruna after doctoring for five months and growing worse all the time."

Continuous Headache.

Mrs. Esther M. Milner, Box 191, De Graff, Ohio, writes: "I was a terrible sufferer from internal catarrh, and had the headache continuously. I was not able to do my housework for myself and husband. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine and have recommended it to my friends."

Some day you will get old and too feeble to work. You will have lots of time to read and if you wish to be sure of having good eye-sight then, you must begin to take proper precautions NOW. Get your eyes examined today by Dr. C. R. Blake, 704 Macdonald Ave., at Seventh, Richmond, Cal. advt.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
